The project has become possible thanks to the financial support of the Contemporary Ukraine Studies Program at the **Canadian Institute of Ukrainian Studies**, University of Alberta.

CITY AND WAR is an interdisciplinary project for the exploration and rethinking of various aspects of the cultural heritage of several key cities in eastern and southern Ukraine – Dnipro, Donetsk, Zaporizhia, Odesa, and Kharkiv – beyond the start of the war in Donbas in 2014 and the large-scale offensive of Russian troops in 2022.

Project CITY AND WAR aiming to reveal the expert opinions on destruction, preservation and rethinking of urban cultural heritage in Ukraine, provoked by the Russia's military aggression.

Project CITY AND WAR is an open network mainly consisting of scholars and students of Ukrainian universities.

- Our research team consists of several working groups:
 - urban cultural landscapes
 - city as a sociocultural phenomenon
 - city and movable cultural heritage
 - city and art
- We organize public debates and create new development strategies relative to cultural heritage of large cities in eastern and southern Ukraine.
